

Daylight Savings Instructions for I.T. Terminals

I.T. 900 Model Clock Terminals

1. Press the F1 & F3 Keys at the same time

The display will read in this format:

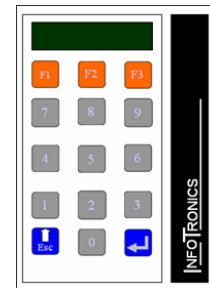

Nn / ab / ikrf / xx / yy / ppp
Hh:mm / dd.mm.yy / eeood

2. Type in 1905 and press the enter key

The display will read something like this.

01/10/0000/00/05/238
08:00/01.04.02/13430

3. Press the (F1) Key 5 Times so that the cursor is directly under the first " e " in the (eeoo) section.

01/10/0000/00/05/238
08:00/01.04.02/13430

Using the Table below

4. Enter the DS ON (ee) code for this year

5. Enter the DS OFF (oo) code for this year

6. Press the enter Key to save your changes
